RE: Positive Case of COVID-19

Dear **Care Center** Resident or Responsible Party:

Today, a case of COVID-19, the illness resulting from the novel coronavirus, has been **diagnosed** in at the Church of Christ **Care Center**.

The **resident** is being well cared for while in **quarantine** at the **Care Center**.

We have notified public health officials as required and are following procedures recommended by the Centers for Disease Control & Prevention. We are taking every step as recommended by authorities to contain the spread. We want to make our residents, responsible parties, and dedicated staff aware of this situation and reassure everyone that we are on top of it.

Developments are changing day by day, minute by minute. Our focus remains on the health and well-being of the Care Center residents, staff, and our whole community. We must also recognize our team for the concern and commitment they have shown to our residents during this challenging time. **Our mission has never been more meaningful.**

We ask that our residents and staff do all that they can to support our community by following the recommendations set forth by the CDC:

- Social Distancing and Staying Home
- Washing Hands for 20 seconds with soap and water
- Contact your health care professional if you are showing any signs or symptoms of COVID-19
- Seek medical assistance as necessary

Thank you all for your support. We will continue to provide updates regularly **through our website** at www.cofccc.org/coronavirus and our **Hotline** at 586-285-7108. If you have any questions, please let me know. We are going to work together through this with compassionate teamwork, composure, and strength. Please note the Michigan Governor has extended the visitor restriction to May 3. Your prayers are greatly appreciated.

Sincerely,

Shanita Bradley
